Index of Authors Included in the Thirty-Eighth Bibliography

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I). Thus, Gough, G. W., XVII (1) E means that a paper by Gough is listed under seventeenth century, first half, subdivision E.

The Arabic figures refer to the historical and to the systematic classification (Parts II and III) which are subdivided in sections numbered consecutively from 1 to 59. For instance, Chapman, A.C., 2, 27, indicates that papers by Chapman are listed in section 2 (Egypt), and in section 27 (biology).
